

About Us

We have been crafting quality cabinets with care and pride since 1977. Based in the small town of Dudley, Missouri (population 300), our family-owned company started out modestly - just a small shed and some woodworking equipment. But with dedication and hard work, we've grown into a major supplier, now operating out of well over one million square feet of manufacturing space.

We may have gotten bigger over the years, but our values remain the same. Using quality materials and equipment, our skilled team creates cabinets known for their durability, functionality, and style. We take pride in being a vertical manufacturer, controlling many of the key components that make up the finished cabinet. This allows us to deliver a value-oriented, reliable and consistent product with minimal disruptions.

At our core, we're still that small-town company, committed to putting care into every cabinet we make. When you choose Aspect, you're choosing cabinets made with pride by people who truly love what they do. We can't wait for you to experience the Aspect difference!

Drawer Front Options

Aspect door styles are available in American Poplar, Maple, Oak or Painted finishes and as traditional or full overlay. Door styles are available with a traditional slab style drawer front with matching door edge profiles, shaped drawer fronts or matching five-piece drawer fronts. The Sculpted, Square Raised and Oxford Panel shaped drawer fronts feature a more decorative profile that will not match the door edge profiles exactly. For an appearance similar to the door style, choose the matching five-piece drawer front with matching edge profile.

Paint Finishes

Painted cabinetry is timeless. With Aspect Cabinetry you will have a look that will last for years to come. Painted finishes are available on maple* or red oak wood species.

*painted maple will be maple or other tight grained hardwoods with characteristics similar to maple. Some components, such as center panels of doors will be MDF for stability and appearance.

Cabinet Construction

Aspect Cabinetry provides built-to-order cabinetry, just for you, with a large selection of cabinet types and sizes. With custom height, depth, and width modifications, Aspect Cabinetry provides the flexibility to meet your individual design needs. You can have affordable cabinets for your entire home without sacrificing quality. The list below outlines our quality construction methods.

CONSTRUCTION METHODS

1. 5/8" hardwood dovetail drawer box
2. Guides are Blum TANDEM edge BLUMOTION 7/8" extension with integrated soft closing mechanism (optional Blum TANDEM full extension guides with integrated BLUMOTION soft closing mechanism)
3. 1 1/2" wide solid wood face frames
4. Solid wood hanging rails for sturdy installation
5. 1/2" cabinet sides (1/4" matching ends applied to 1/2" cabinet sides when finished)
6. 1/2" tops and bottoms on wall cabinets and 1/2" bottoms on base cabinets
7. 3/4" thick shelves
8. Blum COMPACT BLUMOTION 6-way adjustable hinges with integrated soft closing mechanism
9. Interior is laminated in an attractive natural maple pattern
10. Catalyzed, conversion varnish top coat protects the cabinetry for years to come

Environmental Impact

Aspect Cabinetry actively participates in reducing our impact on the environment when making our products. As an active member of KCMA (Kitchen Cabinet Manufacturers Association), we stay in tune with industry best practices of environmental responsibility. Aspect Cabinetry's dedication to the environment is further advanced by our ESP certification from KCMA as well as being TSCA Title VI compliant.
